

**U. S. Department of Energy  
Facilities Information Management System  
Request for Change  
Change Request #: 14-05**

Requestor Name:	Steve Patterson	Date:	12/18/13	Affiliation:	
Email Address:	<a href="mailto:spatters@pantex.com">spatters@pantex.com</a>	Phone No:	806-477-3457	DOE	
				Contractor	X
Proposed Change:	Currently the Required Maintenance (RM) field is an optional field used primarily by the NNSA. I propose turning the RM field on for leased assets as FIMS users may very well have RM dollar values they need to populate and track in FIMS for their leased assets. Since this is an optional field I do not think other Programs and/or Sites would take issue with this request for change.				
Justification:	Pantex has a real need to enter and track our RM for leased assets. My management has directed me that Pantex <u>must</u> be able to identify and track RM for our leased assets that incur maintenance expenses not covered under their individual lease agreements.  Thanks! Steve				
<b>Please Do Not Type Below This Line</b>					
FAC Remarks:	01/15/2014 – Steve Patterson stated the field should be available for both DOE and Contractor Leased. FAC Recommended				
OAPM Remarks:					
FDDC Remarks:	07/07/2014 – FDDC Approved. Jeff Underwood from NNSA requested the definition include a statement indicating that only maintenance cost for which the government is responsible for should be reported. This will be documented in the FIMS DED.				
Implemented:	Implemented into FIMS v2.22 on November 18, 2014
